

Certified SkillsTx People Manager

SFIA for People Managers using SkillsTx – Training and Exam

Our half-day SFIA for People Managers training is designed for line managers, team leaders, HR and L&D practitioners, and others who support staff in their professional development. A basic understanding of SFIA is recommended but not mandatory because the framework is embedded within the solution.

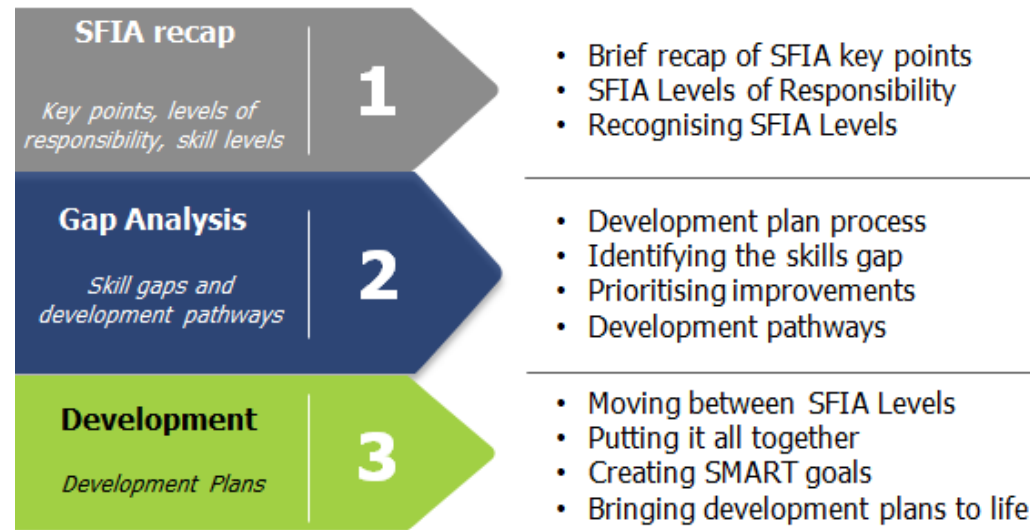

The training will use 4 personality type scenarios to role play how to address a skill profile review with your workforce.

Starting with an understanding of how the data is used in job matching and gap analysis we will guide the attendees through different approaches to help ensure that an individual's skill profile is accurate and maintained.

The training will be hands-on and therefore required access to the internet.

Private half-day face-to-face workshop-based training, run at your venue (minimum 4 people).

The course concludes with a multiple-choice online exam covering SFIA fundamentals and using SkillsTx as a People Manager. Your result and certificate/report is generated immediately on completion.

SFIA for People Managers (TSPM)

- Half-day face-to-face private training, delivered at your venue
- Online exam
- Minimum 4 people
- Private courses may be subject to travel and expenses charges dependent on location and quantity. Quantity discounts available.

The Skills Framework for the Information Age (SFIA) is an internationally accepted common language for the skills and competencies required in the realms of ICT, Digital, Information and Cyber Security, and other similar technology-dependent disciplines.

SFIA allows organisations and individuals to understand:-
“The skills that you have”
 VS
“The skills that you need”
 and act on the results
